### **ABOUT US**

The company was named **A & T Swimming Pool Specialist** because it was founded by **Mr. Mhelcris Alegre** and **Mr. Edgar Tabla**.

The company's Swimming Pool Expert is **Mr. Edgar Tabla**. A Swimming Pool Expert for 20 years. He started as a regular construction worker in a swimming pool builder company. This is where he learned the basics and complications of building the best swimming pool yet affordable in cost. His exposure to various projects in swimming pool construction from excavation, structural, electrical, plumbing, water proofing, finishing installation of equipment and accessories to maintenance and repairs made him a Swimming Pool Expert. He continuous to educate himself by learning new techniques to enhance his skills and knowledge as a Swimming Pool Expert. He loves to get his hands dirty by doing actual construction along with his people, this is his way of showing his compassion in both his work and people that he manages.

The company's General Manager is **Engineer Gilbert Burgos**. A Civil Engineer by profession has worked with a Company whose technology is enriched by almost fifteen (15) years of continues involvement in the application, installation, research and development and active rendering of technical services on various projects that requires sophisticated technical application and supervision of industrial works, civil works, fit-outs, plumbing, electrical, design / layouts, installation of waterproofing membrane, application of epoxy coatings and adhesives, painting and re-painting of exterior and interior walls and many other related projects that involve construction works and services.

The company's Sales and Marketing Manager is **Mr. Mhelcris Alegre**. A Salesman by heart. He pursued his dreams in sales and marketing by selling real estate projects a couple of years back. He too had a humble beginning when he worked as a regular employee in a swimming pool company until he felt that his earnings was not enough to support his family. A man with big dreams in sales and marketing, he reached out to swimming pool clients to get projects but to no avail. He did not stop there, he again worked his way out to pursue prospects to do swimming pool business with him. This is when the idea of starting a swimming pool business came in mind. Everything was materialized when he invited Engineer Gilbert Burgos to work with them. He act as the motivator, source of initiatives, and most importantly a very good friend. He believes in the act of paying forward. He aims to not only be successful in his field but to also share his success to his workers.
